Tan Pooi Keat

Full Stack Developer • Software Developer • Data Mining Specialist • SEO Specialist • Data Insights Analyst

Hello , Keat here, a tech enthusiast with a passion for crafting innovative solutions and driven by a business mindset combining my technical expertise with strategic thinking, excel at identifying market needs and devising solutions and always eager to embark on exciting ventures that challenge and inspire me.

Experience

I’ve worked on a handful of web projects over the past 2 years, some of which were for the following organizations:

Ocean Blue Solution — Chrome Extension Developer August 2023 - Now

I worked as chrome extension developer oversees coding, bug debugging, and feature implementation based on customer feedback, ensuring product excellence.I also craft engaging blogs to boost visibility, while delve into competitor features through data insights analysis

- Built frontend applications for extension clients. Most especially JavaScript and Bootstrap applicationa.
- Innovatively develop automation chrome extension ,provided new features testing, and debug and optimize performance for extension enhancement and UX
- Market research on competitor data and analyze insights for business decisions and identity trends , opportunities and threat.
- Generated leads by content creation for platforms like Facebook, YouTube , blog.
